### We MUST Elect Conservatives

The November 2nd election may very well be the most important election of our lifetime. The stakes have never been higher than they are right now, as our country either continues to move towards a statist, dictatorial, or over “we the people.”

President Obama is literally destroying our Constitution, our freedoms, and our economy as he takes over one private segment of our society after another. Total transformation into a socialist or even Marxist society is clearly his goal – one quick step at a time.

It is *imperative* as never before that conservatives win the majority of seats not only in Congress but local seats as well. It is time for all of us to dig a little deeper, talk to more people and work harder to bring about a victory. It can't happen without all of us driving out the vote. Let's return to traditional American values that have made our country “the light of the world” for the last 234 years.

Please regard this newsletter as your Missouri Eagle Forum Voting Guide for our upcoming election. We have listed federal endorsements, ballot initiatives and where to find more information about the retention of Missouri Judges. We will have a complete list of state senators and state representatives on our website by October 10th. Please see our website [www.moeagleforum.org](http://www.moeagleforum.org). There is also an article included on a variety of jobs on November 2nd that will help to ensure victory that day.

As you know, “we the people” of Missouri celebrated a tremendous victory with the passage of Proposition C August 3rd. That day The Show Me State showed Washington and the rest of the country what we were NOT willing to live with. Let's show them what we WILL live with November 2nd! We can do it with your help!

Gratefully,

Joan Langenberg  
President, Missouri Eagle Forum

## YOUR VOTING BALLOT: 5 STATEWIDE BALLOT QUESTIONS

Missouri Family Network has done an outstanding job of analyzing 5 statewide ballot questions that will be on your ballot November 2nd. The following is his analysis of all 5 ballot questions:

### I Constitutional Amendment 1 -

Vote "YES" to hold county assessors accountable! A "yes" vote will amend the Missouri Constitution to require assessors in charter counties be elected officers. A "no" vote will not change the current requirement for charter counties. To see the full context of this proposed amendment, go to the official website [www.senate.mo.gov/09info/pdf-bill/tat/SJR5.pdf](http://www.senate.mo.gov/09info/pdf-bill/tat/SJR5.pdf).

### II Constitutional Amendment 2 -

Vote "YES" to support disabled former POW's. A "yes" vote will amend the Missouri Constitution to exempt from property taxes all real property used as a homestead by any Missouri citizen who is a former prisoner of war with a total service-connected disability. A "no" vote will not add this exemption to the Missouri Constitution. Also, if passed this measure will decrease property taxes for qualified citizens. For more information, go to [http://www.home.mo.gov/billtracking/bills091/biltxt/truly/HJR\\_0015T.HTM](http://www.home.mo.gov/billtracking/bills091/biltxt/truly/HJR_0015T.HTM) to read the full text of this proposed amendment.

### III Constitutional Amendment 3 -

Vote "YES" to prohibit sales taxes on your home. A "yes" vote will amend the Missouri Constitution to prevent the state, counties, and other political subdivisions from imposing any new tax, including a sales tax on the sale or transfer of homes or any other real estate. A "no" vote will not change the Missouri Constitution to prevent the state, counties, and other political subdivisions from imposing a new tax on the sale or transfer of homes or any other real estate. If passed, this measure will have no impact on taxes. This amendment was proposed by a Citizens' Initiative Petition. Go to <http://www.sos.mo.gov/elections/2919petitions/2010-046.asp> to read the full text of this proposed amendment to the Missouri Constitution.

### IV Proposition A -

Vote "YES" to limit your local government from imposing income taxes. A "yes" vote will amend the Missouri law to repeal the authority of certain cities to use earning taxes to fund their budgets. A "no" vote will not change the current Missouri law regarding earnings taxes. If passed, this measure will impact taxes by removing the ability of cities to fund their budgets through earnings taxes. This amendment was proposed by a citizens' Initiative Petition. Go to <http://www.sos.mo.gov/elections/2010petitions/2010-077.asp> to read the full text of this proposed Missouri state statutory provision.

### V Proposition B -

Vote "NO" to defend Missouri against animal rights extremism! A "yes" vote will amend Missouri law to require large-scale dog breeding operations to provide each dog under their care with sufficient food, clean water, housing and space; necessary veterinary care; regular exercise and adequate rest between breeding cycles. The amendment further prohibits any breeder from having more than 50 breeding dogs for the purpose of selling their puppies as pets. The amendment also creates a misdemeanor crime of "puppy mill cruelty" for any violations. **As great as this language sounds, the problem with voting "yes" on this amendment is that the domestic pet industry is already monitored with laws regarding all the above. This proposition is not really about dog breeders as it states, but it is actually an attack against all the freedoms of personal property rights and agriculture by the Humane Society of the United States (HSUS). This extremist group is determined to destroy our food sources and the enjoyment of animals as they play on the heart strings of voters. Their radical agenda includes threatening the eating of meat, wearing leather, the elimination of hunting, fishing, aquarium trips, medical research and the elimination of all domesticated animals and family pets. A "no" vote will not change the current Missouri law regarding dog breeders. If passed, this measure will have no impact on taxes. This state statutory provision was proposed by a citizens Initiative Petition. Go to: <http://www.sos.mo.gov/elections/2010petitions/2010-085.asp> to read the full context of this statutory provision.**

## Voters must consider MORE Judges for retention in November

When Missouri increased the court system with an extra circuit court, this raised the number of judges that voters must consider for retention from approximately 40 judges to some 60 Judges. Because of the large number of Judges, we cannot cover all of them with the space allowed in this newsletter.

The Constitutional Coalition has spent countless hours researching the Judges and will have an extensive review in their upcoming publication **Front Line**.

The Missouri Bar rates Judges by their procedures and process – but not by how they treat the Constitution. The Constitutional Coalition explains and adds to the Bar's ratings with more research from public information - short of having someone in the court room.

## HOW WE CAN MAKE A DIFFERENCE ON NOVEMBER 2ND

There are many paid positions that need to be filled throughout Missouri on November 2nd, 2010 to ensure a smooth, upbeat day of voting. These positions are available through the St. Louis County Election Board, the St. Louis City Election Board, St. Charles County, Franklin County and Jefferson County, and many other counties throughout Missouri. The following are job descriptions in St. Louis County. Other counties have comparable jobs.

**Poll workers** are sorely needed; they are the backbone of elections. These are the persons who check in voters and make sure they receive the correct ballot.

**Supervisors** are needed. They are in charge of personnel and paper work at each polling place, making sure that things go smoothly throughout the day. At the end of the day they deliver ballots, media, paperwork and supplies to a turn-in location manned by Deputies.

**Assistant Supervisors** help voters with the equipment - touch screen voting machines or optical scan ballots.

**Technicians** are also needed for the equipment. They are assigned a limited number of polling places to troubleshoot.

**Deputies** are needed. They travel to a set number of locations to deliver absentee printouts and updates to precinct rosters and check to see that procedures are being followed. At the end of the day they collect the materials from the Supervisors and deliver them to the election office for tabulation. **Area Deputies** provide assistance and guidance to Deputies in the field.

These are all paid positions and classes are held for training. For more information about any of these jobs, classes, or pay, please call St. Louis County Board of Elections at (314) 615-1892, St. Louis City Board of Elections at (314) 622-4336, St. Charles County Clerk at (636) 949-7550, Franklin County Clerk at (636) 583-6365, and Jefferson County Clerk at (636) 797-5486. **You can also check the St. Louis County Board of Elections website at [www.stlouisco.com/elections](http://www.stlouisco.com/elections).**

A successful election is the result when we all get out there and do our part November 2nd!!
